

# Tier Two - Community - Joint Effort - Residents & City

- ▶ Areas
  - ▶ City is divided into 13 Areas
  - ▶ Area Coordinator for each Area
- ▶ Zones
  - ▶ Areas are divided into Zones
  - ▶ Zone Leader for each Zone
- ▶ Blocks (can be any shape not necessarily square)
  - ▶ Zones are divided into Blocks - (8-12 homes per Block in a neighborhood)
  - ▶ ‘Good Neighbor’ (GN) (formerly known as Block Captain) - Resident of the Block, acts as neighborhood representative

## Tier Two - A Joint Effort Between Residents and City

Most cities do not have the available personnel to train residents how to personally prepare for a major crisis OR, the resources to do assessments of property and welfare of residents in the event of a damaging event

As a result, the most efficient way to accomplish these tasks is to enlist the assistance of residents to help each other - to be good neighbors and help by volunteering
